Immediately below is our environmental issues briefing sheet just uploaded to the Region 2 website. This gives the latest information on where we stand with the investigation of the SPRU release and associated issues.

I will not be in Friday. However, I will endeavor to pick up voice mail messages during the day, and if you are urgently in need of talking with me my cell phone is (b)(6) - Personal Privacy. Evans has become an expert on the legal issues and probably can field those questions best of all.

I also want to recognize the hard work done by Evans Stamatakis, Jeanette Eng, and Tom Peake in supporting our effort
